

IT WILL BE OPEN EVERY DAY.

A New Attraction to Be Located in a Chicago Park.

The Chicago Academy of Sciences is to be magnificently housed in Lincoln park, and the Chicago papers add that it will be open on Sunday and every other day. Much of the credit of securing a good site is due to General Joseph Stockton, who has been identified with Lin-

THE ACADEMY OF SCIENCES.

coln park in various capacities for twenty-two years. He has done most of the planning for the zoological garden and conservatories, and the beautiful palm-house, stocked with a wonderful variety of rare plants, is his latest work.

The building for the academy is planned to admit of indefinite enlargement in the future. It will be three stories in height, with Spanish tile roof. The first story, of brownstone, with pressed brick and terra cotta alcove, massive and rich cornice crowning the whole. An elaborate entrance arch leads to the main stair hall, 35 feet wide and 55 feet long, with marble wainscoting and floor and ornamental stairs on each side leading to the second story. This hall is spacious and well lighted, and with the objects that may be placed on view there will be formed a dignified vestibule to the rest of the building. To the right on the first floor is an auditorium 45 by 58 feet in size, and to the left are the well arranged offices of the park commissioners, and also the offices and laboratory of the academy.

In the second story will be the great museum—a single room, 127 by 57 feet, with a gallery 12 feet wide, the whole lighted by an immense skylight. The basement, also well lighted, will be for work and storage rooms, and the entire structure will cost \$75,000. Mr. Matthew Luffin, who donated that amount, is a pioneer of the pioneers, as he located in Chicago in 1837, and is still living there at the age of ninety-two. His son, George L. Luffin, is a millionaire, and will see that the institution has ample funds to sustain it.

The Mayor of Pittsburgh.

Hon. Henry I. Gourley, mayor of Pittsburgh, is one of many Americans who have won their way to position from the humblest beginnings. He was born Oct. 3, 1838, in Juniata county, Pa., and his father died when he was but five years old, so he was placed with a farmer and worked for him twelve years. He then entered Witherspoon institute at Butler, paying for his tuition by hard manual labor, and gained a fair education there and at a commercial school in Pittsburgh, where his mother and sisters were living.

HENRY I. GOURLEY.

In 1854 he went to Iowa, but returned soon and was a teacher and agent of a publishing house for several years. His reputation as an educator and exact scholar was so high that he was employed to assist in the preparation of books for the common schools. In 1876 he was elected to represent the Seventh ward in the council, and remained in that position till 1888. In 1879 he was chosen president of that body and held that office until 1880, when he was made mayor.

American Fortunes.

The death of Jay Gould and publication of his will and the real facts as to his fortune have given renewed impetus to the discussion on great American fortunes and the rights of the public toward them. The discussion has of late grown very heated and bids fair to become acrimonious. The New York Tribune had its agents and correspondents make a careful count, and published a list showing over 4,000 millionaires in the United States, of whom 1,147 live in New York city and its suburbs. Putting their wealth at the lowest estimate, these 4,000 men own one-fourth of all the property in the country.

The Mature Man.

A contributor to Vick's Magazine declares that the best half of life is in front of the man of forty if he be anything of a man. The work he will do will be done with the hand of a master and not of a raw apprentice. The trained intellect does not "see men as trees walking," but sees everything clear and in just measure. The trained temper does not rush at work like a blind bull at a haystack, but advances with the calm and ordered pace of conscious power.

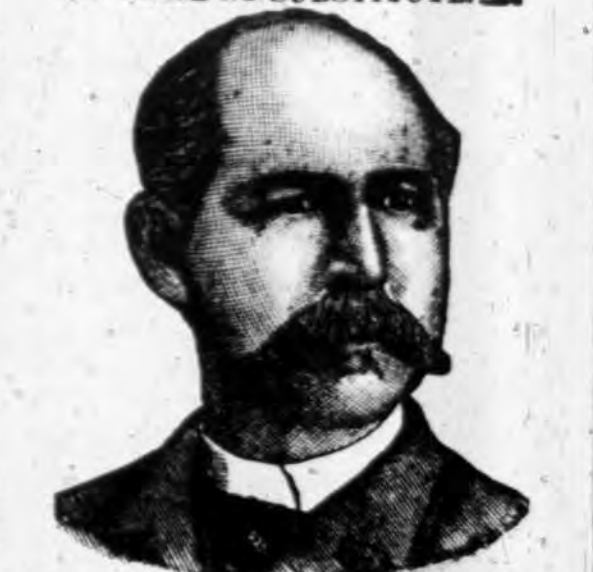

Skulls, Jaws and Teeth.

A comparative examination of the skulls of savage and civilized races shows that the increased brain development of the latter is always accompanied by a marked modification in the form and size of the jaws and teeth.

It's ineffective, except for the moment—the ordinary pill. Because it upsets your whole internal economy, you needn't think it's doing you good. It only shocks and weakens your system. Take something that's better. Dr. Pierce's Pleasant Pellets do good that lasts. They regulate the system, as well as cleanse and renovate it; mildly and gently, but thoroughly and effectively—no griping, no violence. They're the smallest and the easiest to take, purely vegetable, perfectly harmless, and the best liver pill ever known. Only one little Pellet for a laxative—three for a cathartic. Sick or Bilious, Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the liver, stomach and bowels are prevented, relieved and cured. They're the cheapest pills you can buy, for they're guaranteed to give satisfaction, or your money is returned. You pay only for the good you get. Can you ask better proof of the superiority of these little pills.

IT IS A DUTY you owe yourself and family to get the best value for your money. Economize in your footwear by purchasing W. L. Douglas shoes, which represent the best value for prices asked, as thousands will testify. IF TAKE NO SUBSTITUTE.

W. L. DOUGLAS

\$3 SHOE FOR GENTLEMEN

THE BEST SHOE IN THE WORLD FOR THE MONEY.

A genuine sewed shoe, that will not rip, fine call, seamless, smooth inside, flexible, more comfortable, stylish and durable than any other shoe ever sold at the price. Extra custom made shoes costing from \$4 to \$5.

\$4 and \$5 Hand-sewed, fine calf shoes. The \$4 most stylish, easy and durable shoes ever sold at the price. They equal fine imported shoes costing from \$8 to \$12.

\$3.50 Police Shoe, worn by farmers and all others who want a good heavy calf shoe, three soled, extension edge shoe, easy to walk in, and will keep the feet dry and warm.

\$2.50 Fine Calf, \$2.25 and \$2.00 Workmen's Shoes will give more wear for the money than any other make. They are made for service. The increasing sales show that workmen have found this out.

Boys' \$2.00 and Youths' \$1.75 School Shoes are worn by the boys everywhere. The most serviceable shoe sold at the price.

Ladies' \$3.00 Hand-sewed, \$2.50, \$2.00 and \$1.75 Shoes. Misses are made of the best Dongola or fine Calf, as desired. They are very stylish, comfortable and durable. The \$3.00 shoe equals custom made shoes costing from \$4.00 to \$5.00. Ladies who wish to economize in their footwear are finding this out.

Caution.—W. L. Douglas's name and the price is stamped on the bottom of each shoe. Look for it when you buy. Beware of dealers attempting to substitute other makes for them. Such substitutions are fraudulent and subject to prosecution by law for obtaining money under false pretenses.

CHOLERA PREVENTATIVE. I have a remedy to prevent cholera.

CHOLERA. It was tried during the epidemic of 1886 and proved successful. Address at once, with stamp, W. BERRY, Nunda, Ill.

DO YOU WANT TO ADOPT A BABY?

Maybe you think this is a new business, sending out babies on application; it has been done before, however, but never have the furnished been so near the original samples as this one. Everyone will exclaim, "Well, this is the sweetest baby I ever saw." This little black-and-white engraving can give you but a faint idea of the exquisite original.

"I'M A DAISY."

which we propose to send to you, transportation paid. The little darling rests against a pillow, and is in the act of drawing off its pink sock, the mate of which has been pulled off and flung aside with a triumphant cry. The flesh tints are perfect, and the eyes follow you, no matter where you stand. The exquisite reproductions of this greatest painting of Ida Waugh, the most celebrated of modern painters of baby life are to be given to those who subscribe to Demorest's Family Magazine for 1893. The reproductions cannot be told from the original, which cost \$400, and are the same size 17x22 inches. The baby is life size, and absolutely lifelike. We have also in preparation, to present to our subscribers during 1893, other great pictures by such artists as Percy Moran, Maud Humphrey, Louis Deschamps, and others of world-wide renown. Take only two examples of what we did during the past year. "A Yard of Paradise," and "A White Flower-Child" by the wife of President Harrison, and you will see what our promises mean.

Those who subscribe for Demorest's Family Magazine for 1893 will possess a gallery of exquisite works of art of great value, besides a Magazine that cannot be equaled by any in the world for its beautiful illustrations and subject matter, that will keep everyone posted on all the topics of the day, and all the facts and different items of interest about the household, besides furnishing interesting reading matter, both grave and gay, for the whole family; and while Demorest's is not a fashion Magazine, its fashion pages are perfect, and we give you, free of cost, all the patterns you wish to use during the year, and in any size you choose. Send in your subscription at once, only \$2, and you will really get over \$25 in value. Address the publisher, W. Jennings Demorest, 15 East 14th St., New York. If you are unacquainted with the Magazine, send 10 cents for a specimen copy.
